

Download the Gvision® “epl.txt” File

For Gvision® S/3000, V3 and V5

Downloading the epl.txt file is necessary for certain firmware upgrades. A epl.txt file must be provided to receive the Gvision® Direct-Connect Firmware (2022). Purchase the firmware online at epls-usa.com, or call us at 714-453-9760.

To send the file, you can:

- Email sales@epl-usa.com with your contact and company information
- Fill out the Custom Order form on the product store

Step 1

Plug a high-grade flash drive into the Gvision® USB port. Wait for the REC/STOP LED to turn solid green.

Step 2

Disconnect the flash drive from the Gvision® and plug it into a computer.

Step 3

Open the flash drive on your computer HD and locate the epl.txt file in the flash drive’s main directory.

Feel free to contact our support team with any questions. Thank you for your business!
